Location of Proposed Burn	Town/Subdivision

**** Per LDFPD Fee Schedule, all out-of-district burn permits will be assessed a fee of \$25 per permit.**

Permit is granted pursuant to C.R.S. 32-1-1002, the Colorado Air Quality Control Act C.R.S. 25-7-123, and Chapter 1, Section 105, of the 2012 International Fire Code as amended.

This permit shall be retained on the site by the person supervising the burning and shall be shown upon request to any fire department official.

Applicant is hereby authorized to burn tree slash only. No trash, logs (anything over 2-1/2" in diameter), stumps or construction materials shall be burned on the premises as shown above.

The slash pile to be burned may not be more than eight (8) feet in diameter and must be no closer than fifty (50) feet to the nearest combustibles or structures. If the volume of material to be burned is such that more than one fire is necessary, each fire shall have at least one person in attendance **at all times**.

Burning shall be permitted during daylight hours only.

ON EACH DAY OF BURNING, the applicant shall:

- Contact **SUMMIT COUNTY COMMUNICATIONS** at **(970) 668-8600** and obtain the BURNING INDEX for the area. **If the INDEX is HIGH, VERY HIGH, or EXTREME, burning shall not be allowed.**
- Given that the INDEX is indeed LOW or MODERATE and BEFORE EACH DAY'S BURNING IS STARTED, the applicant shall advise the COUNTY COMMUNICATION CENTER at **(970) 668-8600** of intent to start burning.
- No burning shall be allowed during **red flag warnings, Summit County open burning bans, or critical fire watches** (declared by the forest service). If either is declared, while the burn is in progress all burns shall be immediately extinguished.

AFTER the burning is complete, the applicant will again call the SUMMIT COUNTY COMMUNICATIONS CENTER and give notice that the fire is extinguished and secure. THIS PERMIT SHALL BE REVOKED IF YOU DO NOT FULLY EXTINGUISH THE FIRE AT THE END OF EACH DAY'S BURNING.

Burning shall be supervised by one or more responsible persons. **AT NO TIME SHALL THE BURNING BE LEFT UNATTENDED.**

If this permit expires before burning is accomplished due to any reason, a new permit must be obtained.

The applicant shall be responsible for compliance with applicable fire protection and safety requirements of the appropriate FIRE DISTRICT.

The applicant shall have a garden hose connected to the water supply, shovel, or approved fire extinguisher on site at all times.

If any of the above mentioned statutes, ordinances, rules or regulations are violated, this permit shall become null and void and the penalties indicated therein shall be in force. Omission by name or number of any other relevant statute, ordinance codes, rules or regulation from this permit does not relieve the applicant's responsibility of compliance with the same.

The open burn permit is not for land clearing for new development.

APPLICANT HEREBY ASSUMES RESPONSIBILITY FOR LIABILITIES AND/OR RELATIONS TO ANY DAMAGES, COST OF EXTINGUISHMENT, AND LEGAL FEES WHICH MAY RESULT FROM A FIRE GETTING OUT OF CONTROL OR A VIOLATION OF ANY OF THE FORGOING CONDITIONS.

I, _____, hereby certify that I have read and do understand the conditions and qualifications of this permit.
